

DISGRACEFUL SCENES AT FRANKFORT

Drys Subjected to "Gag" Rule and Wild Scene
Ensues---Green and Harvey Object to
Being Choked Off

GUNS ARE FLASHED IN HOUSE

Frankfort, Ky., March 13.—Bitterness engendered by the liquor question reached its climax in the House of Representatives this afternoon when the "dry" members, infuriated by the arbitrary rulings of Acting Speaker Harry J. Meyers and the methods used to enforce them, burst forth in turbulent and unanimous rebellion, demanding the expulsion from the floor of the seven so called assistants to the Sergeant-at-Arms, appointed Saturday by Speaker H. C. Duffy.

Scenes of turbulence were enacted which completely eclipsed all former disorder seen during this session, and which are declared to be without parallel in history of the Kentucky Legislature.

Executive Marshal B. Williams, one of seven so called "assistant Sergeants" drew a huge revolver on Representative W. B. Harvey, of Webster county, who had refused to recognize his authority, but was instantly seized. Rumors are current that other guns were flashing in the chamber, but they can not be substantiated.

The galleries, crowded to their utmost capacity, were in an uproar, cheering the "dry" leaders at the top of their lungs and hissing Acting Speaker Meyers and the so-called assistants to the Sergeant-at-Arms.

Agrees To Recognition
The tumult, after raging for about half an hour, subsided slowly after Meyers had consented to grant recognition to a representative of the "drys."

The storm was the outgrowth of the refusal of the Rules Committee to bring out Senator Taylor's anti-shipment bill, which limits the amount of liquor and beer that can be shipped into dry territory. The "drys," possessing a large majority, desired to make a motion to suspend the rules and bring up this bill anyway. The czar-like methods employed to prevent their making such a motion led to the outbreak.

KY. LEGISLATURE ENDS WEDNESDAY

Liquor Question Has Taken
So Much Time Other Laws
Lost To Sight

Frankfort, Ky., March 13.—Along in the early morning hours of Wednesday the stilled hands of the clocks in two houses of the Kentucky general assembly will again begin moving after hours of standing still and will point to midnight. Then will come the sine die adjournment and the present session will be on the record pages of history.

So much time has been lost in almost endless wrangling and quarreling resulting in charges and counter-charges, the passing of the lie and an attempted fist fight, that some sadly needed legislation will never get to the governor for his signature.

The liquor question, as in other sessions, has been the source of most of the trouble during this session.

Patience, brother! If you ignore the rest of the kids you can hardly afford to feel peeved when your own ignores you.

If you want to know the truth about a man, ask any one but the man himself.

DISTRICT CON- VENTION OF THE VICTORIA LODGE

Held in "Castle Hall" Last
Night Was Splendid
Success

SEVERAL GRAND OFFICERS PRESENT

The District Meeting of the K. P. Lodge, Victoria No. 84, was held last night in their castle hall and quite a large number of members and visiting members were present. The reports of the district lodges were read by District deputy Dr. A. O. Sisk, and it was seen that the majority of the lodges in this district are active and making considerable gains in membership. Instructive talks on appropriate lines were made by Grand Chancellor Commander Young, of Winchester, G. V. C. Lucien Davis, of Hopkinsville, G. K. of R. & S. Carter, of Lexington, Geo. Moore, Supt. of the Pythian Home, Lexington, and Dr. Dow and Rev. Randolph, of Sebree. Four members were re-instated last night and three given the rank of "Page." After the work of installation was completed a delicious two-course luncheon was served by that well known refreshment committee composed of Chas. Webb, Otley Vannoy and Clarence Higgins, and it is entirely unnecessary to say, was greatly enjoyed. On next Monday night there will be quite a good deal of work to be done on Messrs. Spillman, Nixon, Kress Sisk and Tom Ryan and a full attendance of the membership is requested for this occasion as there is likely to be trouble.

RUB RHEUMATIC PAIN FROM ACHING JOINTS

Rub Pain Right Out With
Small Trial Bottle of Old
"St. Jacob's Oil"

Stop "dosing" Rheumatism.
It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacob's Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest "St. Jacob's Oil" from any drug store, and in a moment, you'll be free from pain, aches and stiffness. Don't suffer! Rub rheumatism away.

At any rate, there's no law to prevent women telling us men how to vote.

"Dirty Little Pup"

Is Way One of Our Solons
Refers to Another Representative.

Frankfort, Ky., March 13.—During the session of the house this morning, Representative Frank Greene on the quiet called Representative Lasley to account for the statement made by Lasley yesterday that Greene in offering his resolution against an extra session was trying to destroy the Democrat party and embarrass the governor. Greene called Lasley a "dirty little liar," and dared him outside, threatening to break every bone in his body.

He also referred to him as a "dirty little pupils." Lasley failed to reply.

The merchant who wants to sell goods to our people must first let them know that he has the goods to sell. The mountain never goes to Mahomet.

ON TO MEXICO FORCES ON BORDER

Mobilize on Line 200 Miles Long--Pershing
Takes Command of Main Column at
Scene of Raid

12,000 TROOPS VERY EAGER FOR CHASE

COLUMBES, N. M., March 13.

—With Villa reported to have changed his course and now said to be moving eastward toward the Mexican Central Railroad, General John J. Pershing arrived here tonight to take charge of the main forces of the punitive expedition which will enter Mexico in quest of the band of bandits. Reports still are current that a portion of the force has already crossed the border and will be followed closely by the main battalions of cavalry and infantry which are expected to leave from various points along the international line.

Commands now at Columbus muster approximately 3,500 men. Altogether there are 12,000 troops with forty mountain field guns and batteries between Douglas, Ariz. and El Paso tonight, a line 200 miles long. A little more than one third of this contingent is cavalry.

Several other commands are expected here, the plan apparently being to make the column to move out of Columbus the main unit of the expeditionary force with field wireless and aeroplane equipment.

Main Column to Start Thursday

Gen. Pablo Bertani, commanding the garrison of 2,000 Carranza troops at Palomas, six miles south of the border today notified American military authorities that he expected to call on General Pershing for a conference.

Belief here tonight was that the Columbus main column would be ready to start by Thursday or Friday. Intelligence department officers secured maps and topography charts of the mountainous Chihuahua-Sonora border into which it seems possible for Villa to enter easily, with his present start.

High School Notes

By Our High School Correspondents

High School Base Ball League

The Earlinton high school baseball team is looking forward to a successful season and the lovers of the sport will see many high class games. The boys have already begun to toss the ball back and forth across the school yard getting their arms in shape and will begin practicing in earnest as soon as the weather will permit. The first game of the season will be played at Earlinton April 1st with the Hopkinsville high school. The boys will probably go to Providence on April 15th and to Hopkinsville on 2nd. It will perhaps interest the many friends of the team to know that a high school league is being formed consisting of teams from Providence Dawson Springs, Princeton and Earlinton. The team this year will be the same as last year with the following: Guthbert Vinson, Ernest Boyd, Dutch Dushon, Paul Jones, Karl Umstead, Earl O'Bannon, Wallace Jones, Audrey Wyatt, Monroe Craig and Rex Hamby.

The Moment "Pape's Dia-
pepsin All Distress Goes

"Really does" put bad stomach in order—"really does" overcome indigestion, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

JINGO JOINT GETS CHARGE OF DYNAMITE

Building at Slaughters Partly
Wrecked when Dynamite is
Exploded Under the Floor

Slaughters, Ky., March 12.—About one o'clock this morning some person or persons made an attempt to blow up the jingo joint run by Jim Hall and located just over the Hopkins county line. Dynamite was placed under the floor and the explosion wrecked a part of the side of the building and tore up part of the floor. Many of citizens heard the report. The shot was fired as a heavy freight train was passing.

Love is a mighty good thing in the home, but corn beef and cabbage set there just the same.

OUR PUBLIC FORUM

Senator Morris Sheppard
ON PROHIBITION.

It is the mission of a newspaper to give the news. The reader is entitled to information on both sides of all economic issues and especially on those questions which are before the public for solution, for it is the duty of every citizen to carefully study the problems of government. We shall present from time to time the views of men who are recognized authority on important questions and who are responsible for their utterances. The views of this paper will be expressed through the editorial column. United States Senator Morris Sheppard, the chosen leader of the prohibition forces in presenting the affirmative side of National prohibition to the Senate, said in part:

"The disposition of this prohibition amendment is the most solemn duty that has confronted Congress since the death of slavery. It will determine whether this nation is capable of invoking its constituent powers to consider an evil which at least half the population believes to mean the nation's ruin and to make what Constitutional changes they may deem proper for its extermination. It will determine whether the moral forces of the nation are the dominant ones. It will determine whether this is a Christian nation. We need not deceive ourselves. The issue is plain. A Christian nation cannot tolerate the liquor traffic.

"Not only will he who votes against the submission of this amendment keep the people of the states, acting through legislatures, or conventions, from exercising their fundamental prerogative of deciding what is national and what local, but he will also deny the right of petition to millions of his fellow citizens. Seventy per cent of the territory of this country is already under prohibitory law and over 50 per cent of the American people live in this prohibition territory. A committee of more than two thousand men and women from every section of the Republic, representing through their various organizations probably twenty million people, marched to the steps of the Capitol on a freezing day last December and presented to Representative Hobson for the House and myself for the Senate their request that Congress give the American people a chance to expel the liquor traffic from the country. In the face of a biting December gale, despite unrelenting cold and the penetrating cold, they came, the joy of a righteous movement in their souls, the cry for a clean United States upon their lips. It was the most radiant and inspiring sight my eyes have ever seen. There was no selfish purpose; hundreds and thousands of miles they had traveled at their own expense and at great personal sacrifice to demonstrate the power of a moral impulse. And I tell you that I would rather have been chosen by that band of consecrated men and women to present this prohibition amendment than to hold any office in this Republic. It is safe to say that the twenty million people represented by that wonderful committee are joined by thirty million or forty million more in the determination that the liquor traffic shall not be tolerated on a single inch of American soil. It is not an exaggeration to say that a majority of the American people would vote today for a saloonless land and a stainless flag."

GOV. STANLEY SENDS NAMES OF

W. T. Figg of Shelby and R. A. Cook of Christian as State Board of Control

Gov. Stanley sent to the Senate for concurrence, the appointments of W. T. Figg, of Shelby County, and R. A. Cook, of Hopkinsville, as members of the State Board of Control. Both men are Republicans the latter representing Christian County in the Legislature. They succeeded Dr. T. W. Gardner and Thomas Hall.

Expressing himself as disliking to refuse to concur in any appoint-

ment made by the Governor, Senator Frost said he would have to decline to concur in these appointments for the fact that he believed Gov. Stanley should have sent the name of Dr. T. W. Gardner to the Senate and not summarily have taken him out of office. Former Gov. McCreary appointed Dr. Gardner for a four-year term during the last session of the General Assembly but thru an oversight, failed to send the appointment to the Senate for confirmation.

Senator Salmon said Representative Cook was from his district and was a very nice fellow, but wore a "wet" collar. "It seems to take that to go to Frankfort, however, so why ask the Senate to concur in that appointment."

A "good fellow" doesn't need to tell it as he goes along.

THE-BEE ADDS NEW FEATURE

The Earlington Bee, always anxious to please its readers and keep abreast of the times, has added a four-page Comic Supplement for every Friday, issue, including a half page of cut-out puzzles for the little girls and boys. The first issue will be on St. Patrick's Day, March 17th., and will consist of "Slim and the Police Force" "Inbad the Sailor" "Jerry MacJunk" "Remorseless Rogers" and "Willie Westinghouse" and "Clumsy Claude." These are all up-to-date comics and will of course be different each issue. The Bee is the only Semi-Weekly paper in Western Kentucky using the four-page supplement and it will doubtless prove to be an attractive feature. With the addition of this four page comic supplement and the up-to-date staff of local news gatherers now working for the Bee it should be a very easy matter for contestants to secure new and renew subscriptions.

Contestants who are working for the Cincinnati River trip and the \$50.00 silver service set can get a receipt book and sample copies of the papers by calling or writing this office. Right now is the time to go to work in this contest as every dollar you get on subscription counts 1000 votes and the number of votes will not be changed at any time during the contest. This will undoubtedly be the biggest and best trip we have ever conducted and the party will consist of 50 or more from this place, Mortons Gap, St. Charles, Madisonville, Nortonville and Evansville. Contestants who are interested are asked to call at the Bee Office or call up the Bee Office for further information.

A Specific Against Colds

The nearest thing to a specific against colds is a sleeping porch or open bed room and a cold sponge bath every morning when you first get up. Even then you will occasionally take a cold, especially when colds are epidemic, and when you do you will find Chamberlain's Cough Remedy a great help in enabling you to get rid of it. Try it. Obtainable everywhere.

H. H. GRADY.

The Court of Last Resort

Around the stove of the cross roads grocery is the real court of last resort, for it finally overrules all others. Chamberlain's Cough Remedy has been brought before this court in almost every cross roads grocery in this country, and has always received a favorable verdict. It is in the country where man expects to receive full value for his money that this remedy is most appreciated. Obtainable everywhere.

SOUTHERN DRUG MERCHANT MAKES UNUSUAL STATEMENT

Great Business Losses Due to Neglect

W. WITHERS MILLER

President of the Polk-Miller Drug Company, Richmond, Va., is authority for the following extraordinary statement:

"I estimate that the business men of this country could increase their efficiency fully ten per cent by taking an occasional laxative and not neglecting the bowels as most of them do."

He also said that if the Department of Commerce in Washington would present each business man in the country with a box of Rexall Orderlies, it would be of great benefit to the national welfare. Rexall Orderlies are prompt in action, pleasant to take and never gripe, can be used by men, women or children, and are just the thing for toning up sluggish livers.

We have the exclusive selling rights for this great laxative.

Contact With the Sea Has
Imparted Sternness to
the New England
Character

In winter the sea is no joke, remarks the Boston Globe. It quickly knocks sentimentalizings over it out of the sentimentalizer. He had better stop ashore. It is bleak, angry and cruel. Yet one wonders if the men of New England would have been the breed they have been without that stern discipline.

On a day when the wind roars out of the east through skies of clear blue; when spray spouts half the height of lighthouse towers; when fishing schooners scurry under jib and trysail--then to stand on the deck of a coasting steamer and watch the huge rolls of solid green water bulge and fling the vessel up over their shoulders; to feel the vessel plunge and bury bows in a smother of foam, rise again; aim at the clouds; tremble, wallow and lift to meet the next; to see the shores dimly, dashed into a golden haze of flying spray; to hear the hiss of foam and swash of bow wave--that is to get a glimpse into something which has gone into the making of New England what New England is.

That is to get an inkling of the coast wisdom of the coastwise.

Dangers of Draft

Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c, at your druggist.

DECIDE YOURSELF

The Opportunity is Here, Backed by Earlington Testimony

Don't take our word for it.
Don't depend on a stranger's statement.

Read Earlington endorsement.
Read the statement of Earlington citizens.

And decide for yourself.
Here is one case of it.

Mrs. Pearl Walton, Earlington, says: "I suffered from weak kidneys, but at first I didn't pay much attention to the trouble. When I found that the kidney secretions were unnatural, I knew that something must be done. My rest was broken at night and in the morning I was tired and worn out. Another of the family had received great benefit from Doan's Kidney Pills, so I began taking them. They cured me and my kidneys have been in good condition since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy--get Doan's Kidney Pills--the same that Mrs. Walton had. Foster-Milburn Co., Props., Buffalo, N. Y.

Vital Statistics

Hopkins County

Vital statistics preliminary report for 1915, given out by State Registrar Heizer of Frankfort Saturday, gives some very interesting figures. The total number of deaths in the state last year was 28,015; births 63,478. In Hopkins County there were 889 births and 424 deaths. Tuberculosis caused the largest death rate in the state, there being 4,672 victims of this disease.

Colds Quickly Relieved

Many people cough and cough--from the beginning of Fall right through to Spring. Others get cold and after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 50c bottle of Dr. King's New Discovery and keep it in the house. "It is certainly a great medicine and I keep a bottle of it continually on hand," writes W. O. Jesseman, Franconia, N. H. Money back if not satisfied but it nearly always helps.

Hang onto the first wife, fellows. The next one might be worse.

LOOK AT A CHILD'S TONGUE WHEN CROSS, FEVERISH AND SICK

Take No Chances! Move Poisons From Liver and Bowels at Once

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Syrup Company." We make no smaller size. Hand back with contempt an other fig syrup.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MOBILIZATION OF INDUSTRIES IN WAR

New York, March 8. — Members of the naval advisors board gathered here today to attend a conference with representatives of engineering societies and of the Associated Advertising Clubs of the World, to consider plans to mobilize the industries, including railroads and other resources of the country, in event of war.

The purpose of the conference is to ascertain how much assistance in the way of preparedness can be given by the large business concerns. This information is to be classified, after which it is understood that certain work will be assigned to each industry, factory and railroad.

It is stated that leading advertising men and owners of periodicals have offered their services free for an extensive advertising campaign, to be submitted to the conference today. By this advertising an appeal would be made to manufacturers and the heads of railroads and ammunition plants to offer their services to the government in a movement to prepare for war.

Itch! Itch! Itch! Scratch! Scratch! Scratch! The more you scratch, the worse the itch. Try Doan's Ointment. For eczema, any skin itching or a box.

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering. It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

But, then, when peace is restored the war correspondents can find lucrative employment in digging potatoes.

Aeroplanes

Washington—Factories in the United States could turn out twenty war aeroplanes a day for the use of the Army if this country became involved in war, Brig.-Gen. The American Army needs 96 aeroplanes, to cost about \$1,000,000, he said.
